\$1.00 IN ADVANCE—NO. 50

BOY SCOUTS

Attend Meeting in Toledo and are Inspired With Work.

Members of the Perrysburg Troop of Boy Scouts were guests at a banquet and social gathering at the Y. W. C. A. building in Toledo on Friday night last.

The little men were accompanied by their fathers or "big brothers" or a friend, and after enjoying the banquet they listened to speeches by prominent Scout Masters and witnessed many demonstrations of efficiency shown by the young Scouts.

The meeting proved a great inspiration for the boys and their "escorts" and the entire evening's program gave evidence of the great good being accomplished in the training of the boys in ways of usefulness that will be a great uplift in their life's efficiency.

Among the men who accompanied the Perrysburg Scouts were Dr. Canfield, B. W. Caldwell, Prof. R. L. Cole, C. P. Champney, F. A. Witzler, Rev. Dr. Pholey, James Laing, Mr. Schuster, Charles Bayer, R. R. Hartshorn, Louis Marti and Ward Hanson.

Four-Fifths of County Stoned.

Auditor Ralph Gillespie estimates that, if the roads now petitioned for were all built, Wood county would have little more than 100 miles of unpaved road. There are now about 1200 miles of pike in the county; and seventy petitions for additional roads cover about 200 miles of the remaining roads.—Sentinel.

Although four-fifths of the roads of the county may be of the so-called improved variety, it is a deplorable fact that about half that amount is in an abominable condition and is a sad commentary on the bad management that prevails in relation to stone road building in Wood county.

HOBART.

Albert Snyder and Charley Hufford of Dist. No. 14 were hunting sparrows here last Monday.

Mrs. John Smith has rented her farm to Mr. Gross of Moline, O.

Miss Emma Swartz of this place is visiting with Wilson Kohl and family.

Wild geese were seen flying toward the Lake last week which indicates no more ice and that severe freezing is past.

Elbert Mandell and family visited Geo. Snyder and family Sunday.

COAL TO BURN.

See the Perrysburg Tile & Brick Co., for your hard coal, Chestnut and egg size, and soft coal.

COUNCIL PROCEEDINGS

Improvements of Sidewalks and Streets are Ordered.

The regular meeting of last Wednesday night was attended by the mayor, the clerk, and all councilmen.

A proposal to improve Walnut street from Third street to Indiana Ave., excavating a roadway 12 feet wide and filling with river gravel was considered and on motion of Mr. Leydorf, seconded by Mr. Dibling, the improvement was authorized.

The crossings at intersections of Second and Pine streets, also Walnut and Sixth, are to be filled with cinders so that "navigation" will be possible at all times.

A petition of W. P. Scott and others asking for the location of an arc light at intersection of Walnut and Sixth street was read, and by unanimous vote the light committee was authorized to establish the light in accordance with provisions of lighting ordinance.

LAWN PRIZES

Front St.—F. J. Gibbs, S. Spitzer, L. A. Halliwell.

Second St.—Geo. Munger, Sr., Ira Sprout, Wm. Mills.

Third St.—Honorable mention—F. E. Bowers, Wm. Dibling.

Fourth St.—S. E. Hartshorn, Wm. Kazmaier, John Schneider.

Fifth St.—B. Trombla, Philip Harbauer, Henry Muir.

Sixth St.—Adolph Roether, C. Pfisterer, Tim Hayes.

Seventh St.—F. Trumphy, Mrs. Amelia Matzinger, Miss R. Keller.

Louisiana Ave.—Fred Neiderhouse, H. C. Leydorf, M. U. Jarrett.

The Merchant trophy was awarded to C. P. Champney with honorable mention to Bernie Treauneau, A. J. Witzler, D. C. Whitehead.

MARRIED.

On Saturday last Jan. 29, 1916, Mr. Lewis Small of Waterville, O., and Miss Nina B. Foltz of 746 Clark street East Toledo, O., were united in marriage at the residence of Rev. McKay of East Toledo, O.

The bride was attended by Miss Minnie Isaman of Toledo, O., and Mr. Ward Hanson performed the same service for the groom after which the party went to the home of the groom's mother where a fine wedding dinner was enjoyed.

The young people will make their home at Waterville, where the groom is engaged in the telephone business. Many friends of the bride and groom wish them every happiness and joy for their married life.

Do You Find Fault With Everybody?

An irritable, fault-finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently benefited by Chamberlain's Tablets after years of suffering. These tablets strengthen the stomach and enable it to perform its function naturally. For sale by all dealers.

Get on the Band Wagon

It's FULL OF BOOSTERS for the home town. Never let an opportunity pass to boost the town in which you live.

Read the ads. in the home paper.

Give the local merchants a chance.

AGRICULTURAL ITEMS

Ohio State University News Letters to Farmers and Others.

"Cast your alfalfa before swine and your wife will wear pearls," says the Kansas alfalfa expert, Coburn, in urging Ohio farmers to begin growing this profitable legume. "Alfalfa is adapted to almost any region but must have a soil sweetened with lime and inoculated with soil from a successful alfalfa field or sweet clover corner." Many farmers have failed with alfalfa because of poor seed and careless methods in providing a proper seed bed. Mr. Coburn points out the fact that alfalfa is an ideal feed for horses, cattle, sheep, swine and chickens. Land that grows alfalfa is worth 50% more than land that has not been made to grow this queen of legumes he claims.

Home grown seed corn, repeatedly found "best by test" will be one of the most sought-for farm commodities next spring. Those who have high grade seed corn for sale in fairly large quantities should let others know about it. Otherwise seed taken by faith from other regions may be planted and not only the individual but also the community will suffer. Advertisements of seed corn in the home paper, however modest will surely bring results because they will likely reach the men who will be the most likely customers. If the farmer has high-class seed corn his advertisements will add to his reputation as a good farmer and business man and at the same time confer a benefit upon the community.

"Order your nursery stock now if you want to get the best trees for your young orchard" advises Prof. Wendel Paddock of the horticultural department, Ohio State University. January is the time to buy but the delivery may be made later. Many of the big commercial orchard planters order one-year "whips." Practically none buy trees over two years old. The older or larger tree loses more roots in digging and it takes a longer time for it to recover after transplanting. One-year trees may be headed exactly where desired while older trees are already headed and must lose their buds if they are cut back to the lower heads.

"Preparedness," defined in its most appropriate term for the farmer means a thoroughly equipped outfit for combating the pests that attack the garden and orchard during the spring months, according to W. H. Mosier, assistant in horticulture, Ohio State University. Plenty of spray material should be gotten on hand at once.

SOME OBSERVATIONS

Concerning Nothing Very Serious But Worthy of Thought.

By the way, what has become of the man who was chief engineer of the finance department of the Peace Ship Oscar II?

A Toledo councilman proposes to regulate (by ordinance) the length of women's skirts. Will the police department have a skirt measuring squad of officers patrolling the streets with yard sticks measuring the skirts of the fair ones to make sure they are not too short?

A Perrysburg councilman is reported as saying that "the Way property should be made a village Park or made to earn a better rental." He is quite right. Keep it up, Mr. Councilman, and you may be able to make that piece of property of some value to the village—some day.

A Toledo zoo man has declared the ground hog to be too everlastingly lazy to wake up and look for his shadow on the 2nd of February and thus Toledo is responsible for the death of one of the most ancient of pet theories.

The Blade paragrapher says the "busy little bee" only works six months of the year. By this evidence is proven that a country editor has the bee beaten by six long months.

"Burbank," says the St. Louis Globe-Democrat, "has been able to do everything except denature the prune." The prune should be left alone. As a prune it fulfills its mission.—Blade.

Right you are Bro. Blade. A seedless orange, and a stingless bee may be all right, but a pruneless prune—never!

Toledo telephone girls are now taking voice culture so they can sing it softly when they say "the line is busy." This is done to eliminate cuss words coming back from the Phone user.

STICK!

You're like the rest of us, old scout And swear each year you'll be A better chap ere the year runs out Into eternity, That's how you know you'll keep out front—

—Only you don't!

You're going to put a raw-hide brake On all profanity, An angel child, while you're awake, Asleep, from faults you're free! You've made up your mind what to do, and don't—

—Fine—But you won't!

On good intentions you are strong, A halo hangs above Your head—and you can think no wrong— Your heart is filled with love! For a day, perhaps, you feel like a saint—

—Only you ain't!

We've all been there—don't think you're queer, It is the way of man— To try improvements every year His faults to sternly scan.

But stick to the idea, just the same —It's some fine game! —Paragraphs

CO-OPERATIVE ELEVATOR

Meeting of Citizens and Stockholders of the New Company.

On Friday afternoon last a meeting was held at the town hall for the purpose of perfecting the organization of the Perrysburg Grain and Seed Company, the new co-operative company in which many of the farmers of this locality are taking an active interest with the object in view of operating a Perrysburg elevator in which the grain producers will share in the profits obtained from the sale of their crops.

In many other localities similar organizations or companies have proven the advantages to the producers who share in the profits resulting from the business.

The shares are sold at \$100 and each shareholder is entitled to ONE VOTE ONLY in the election of directors of the company, thus eliminating the possibility of the control of the company passing into the hands of a few men who might seek to "run the business" in their own interest.

The stockholder will not only receive a dividend on his stock, but will also receive a share in the profits above the running expenses, and will also receive a profit or premium in accordance with the amount of produce he delivers to the company.

There are many similar companies in the state and all are meeting with phenomenal success, and there is no apparent reason why the same condition should not prevail here.

After a preliminary meeting for discussion there were many additional subscribers to the stock, after which the board of directors was elected as follows:

For three years—George Emerick, A. J. Witzler, Henry F. Limmer.

For two years—George Kurfess, Wm. Moser, Conrad Kohl.

For one year—John Snyder, John Moser, George Eckle, Sr.

The directors will meet for the purpose of electing officers.

The proposition looks good from every point of view and will undoubtedly prove a success.

There is room for more stockholders and every producer is invited to come in and boost the new co-operative company.

"In union there is strength."

The following officers were elected for the year:

President—Geo. Emerick.

Vice-Pres—Conrad Kohl.

Sec.—Treas.—R. R. Hartshorn.

Advisory Board—Geo. Emerick, A. J. Witzler and John Schneider.

Constipation.

When constive or troubled with constipation take Chamberlain's Tablets. They are easy to take and most agreeable in effect. For Sale by all dealers.

VALUABLE PUBLICATIONS

The Legislative Reference Department, under the Board of Library Commissioners, Columbus, Ohio, has compiled, published, and sent to our local library a copy of the road laws and the civil service laws of Ohio now in force, including latest amendments and citations to court decisions and opinions of the attorney general.

These publications are thoroughly indexed and contain introductory matter of value to those interested in either of the subjects. The road laws of Ohio have never before been issued in collected form. The Ohio Federation of Good Roads has published and is distributing, 11,000 copies of this document. This is a strong testimonial of its value.

These publications may be consulted any time in the library or they may be had by addressing the Legislative Reference Department, Columbus, Ohio, and enclosing five cents postage for the road laws and two cents postage for the civil service laws.

CHURCH ANNOUNCEMENTS

Services for Next Sunday in Several Perrysburg Churches.

THE METHODIST EPISCOPAL CHURCH.

Services, Sabbath, February 6th, 1916:

Sunday School, 9:00 a. m.

Junior League, 2:30 a. m.

Epworth League, 6:00 p. m.

Public Services, 10:30 a. m. and 7:00 p. m.

Sermon subjects: "A Bondsmen of Jesus Christ," and "An Uttermost Salvation."

All services will be evangelistic, and evening meetings will be continued throughout the week.

The Epworth League will have as its topic, "What It Costs to be True." (1 Samuel 20:27-33; 31:2, 3; 2 Samuel 19:23).

Mid-week prayer meeting, Thursday evening, 7:00 p. m. Let us crowd the room.

The regular monthly official board meeting will be held on the same evening immediately after the prayer meeting.

The pastor is completing a Constituency Roll of the church, and desires the names of all members of families of the church, including the children. Please give lists to the pastor, or to one of the stewards, at once.

Revival meetings are about to begin, and it is hoped that our people will arrange all their business, and social interests, so as to be able to attend these services.

The Time Legion is in process of formation, and many are signing the pledge cards, for personal service. If you are a Christian, you are ready for personal service of some kind.

PRESBYTERIAN CHURCH.

Services for Sunday, Feb. 6:

The first hour of the day is Sunday school at 9:30 a. m. Lesson subject, "The Boldness of Peter and John." Acts 4:1-21. W. H. Roose, superintendent. The Men's Bible Class meets at this hour. All cordially invited.

Morning worship and sermon at 10:30. This being Young People's Day, Dr. Pholey will preach on a theme appropriate to the occasion.

In the evening at 7:30 a joint service with the Christian Endeavor Society will be held in observance of this day, with President Edwin A. Clay, leader. The Junior C. E.'s will participate. Every member of the church and congregation should be present.

Junior C. E. meeting at 2:30. Topic, "What Christian Endeavor has Done in Thirty-five Years." 1 Cor. 15:58. Miss Lela Hollenbeck, superintendent.

Senior Endeavor Society will have a special service at 7:30 in the church in observance of Young People's Day. Interesting program is assured.

Prayer and praise service, Thursday evening at 7:30. Subject for consideration, "The Secret Place." Psa. 91:1. This is the most valuable hour of the week. We heartily invite you to come and see.

Christian Endeavor business meeting and social hour, Friday Continued on Eighth Page.

COLDS NEED ATTENTION

Internal throat and chest troubles produce inflammation, irritation, swelling or soreness, and unless checked at once, are likely to lead to serious trouble. Caught in time Dr. Bell's Pine-Tar-Honey loosens the phlegm and destroys the germs which have settled in the throat or nose. It is soothing and healing. Pine is antiseptic; honey is soothing—both together possess excellent medicinal qualities for fighting cold germs. Insist on Dr. Bell's Pine-Tar-Honey. 25c all Druggists.
